

CHI Database
All individuals born before 31st March 1951 and still alive April 2011.

CHI and Identifiers sent to NRS

NRS INDEXING
Create index 1, 2 & 3.
Create Master Index

Send index 1 & CHI to PIS
Send index 1 & CHI to USC
Send index 2 & CHI to PHI
Send index 3 & SGID to SG
Send Master Index to Linkage Agent

NSS Analyst
Use index 1 to extract and send payload data (minus CHI) from:

PIS Dataset
Deaths Dataset

UCD Analyst
Use index 1 to extract and send payload data (minus CHI) from:

UCD
UCD SMR01
UCD SMR04
UCD A & E

PHI Indexing
Use index 2 to extract and send deomograohic data (minus CHI) from:

CHI database

SG
Use index 3 to extract and send Social Care data (minus SGID) from:

Social Care Survey

Safe Haven
Linkage Agent
Link all files with Master Index

UBDC Researcher
Access de-identified data via VPN connection to Safe Haven

Statistical Disclosure Control
